*Delicious & Delightful Catering – at Our Place or Yours*

**Welcome to a different kind of catering company.**

We think you'll like the change of taste. We are Portage Bay Café and Catering, and we create and serve exceptional food for events at our place or yours.

You may already know us from our bright, airy café just north of the University Bridge, where we serve up breakfast, brunch and lunch, from a tantalizing menu of fresh, contemporary Northwest fare.

We hope you'll get to know us as well for our full-service catering. From plated dinners and buffet presentations, to hors d'oeuvres and boxed lunches, our delicious and healthy creations are sure to delight your guests.

## Good Food You'll Feel Good About

Food will make or break any occasion. So when we cater your event, you can be certain we'll create a menu that is so delicious and memorable that your guests will be raving about it for weeks.

But we take it a step further.

We think good food starts with the healthiest, most natural ingredients. You deserve the best, local organic produce, and whole, natural food. No hormones. No trans fatty acids. And if you have a dietary restriction, we'll work with you to create a menu that supports your health needs.

We know you're as concerned about what goes into the environment as what goes into your body. So all of the produce, meat, fish, cheeses and breads on our menu are not only healthy and delicious, they follow strict standards that help us be good stewards of the environment. Whenever possible, we buy from suppliers using sustainable, organic and regenerative farming techniques, and we support fair trade practices.

## You'll Enjoy Our Comfortable Style

When you work with us, you'll see how unique a catering company we really are. We take the approach that an exceptional culinary experience doesn't have to be a stuffy affair.

We're happy to accommodate you with a black tie event, but frankly, we'd rather you just kick back and relax. We're at our best when we create an atmosphere where you can savor a glass of wine or beer, nosh on some excellent food, mingle with people you enjoy, all while wearing whatever makes you most comfortable.

But just because we're laid back, doesn't mean we aren't professional. Since 1998, we've been catering events large and small. Our professional, knowledgeable staff is working hard to make any event a fantastic experience.

## Business and Social Events to Fit Your Needs

Imagine the possibilities for entertaining — a private birthday dinner to celebrate good friends over good food. Or an annual company holiday party to toast another great year. Or a wedding rehearsal dinner to prepare for the big event. When it comes to social and corporate events, your options of working with us are nearly limitless — from private parties to large celebrations, all-day meetings to stand-up receptions.

We also work closely with many educational institutions catering dinners, receptions, lectures and other educational events, either on campus or off-site.

Whether it's celebration or getting down to business that's on your to-do list, we'll help you plan the perfect event, at our place or one of your choosing:

### Catered Events at Our Place

When you plan your catered here at the Portage Bay Café, you're guaranteed a memorable occasion. Our charming, light-filled facility is available for evening events and accommodates 50 to 90 for a sit-down depending on the season — and whether you want your guests to spill out to enjoy our captivating patio space. And here's a surprise you'll enjoy — unlike most event venues, we never charge to use our space when you purchase \$750 of food.

### Catered Events Onsite at Hotels

In case you need a location for your event, we've developed relationships with several hotels, and we are available to create a unique menu for your guests' events. Our imaginative staff members are wizards at dreaming up creative cuisine to complement the theme and ambiance of any occasion.

### Catering at Your Favorite Facility

Over the years we've had the chance to cater events of all sizes, at just about any venue you can imagine. Our attentive staff will work closely with you to ensure the details are exactly what you need to create an exceptional event at the location of your choice.
